GIVEN KITCHEN SHOWER

Mrs. Houston Hall, nee Bessie Wells, was guest of honor at a kitchen shower given by Mrs. John Burwell and Mrs. William Campbell at the home of Mrs. Burwell on East Second street. Young women of the First M. E. Church, South, were the guests.

The arrangements were quite novel, the gifts being concealed in a huge paper pie over which blue-birds were suspended. At the proper moment the pie opened and out stepped little Adelia Thomas who recited a parody on "Four and twenty black birds, baked in a pie," and invited the bride to make further investigation. Kitchen utensils of various kinds came forth from the depths and were bestowed upon the guest of honor with the best wishes of all present.

Miss Annie M. Casey, nurse of the Mason County Health League, is in Cincinnati, attending the meeting of the National Association for the Study and Prevention of Tuberculosis.

"PAGEANT OF PROGRESS"

Sunday will be Epworth League Day throughout Methodism. On that day the eighteenth anniversary of the League will be celebrated. The League ranks right up with the leading Leagues of the church. For a number of years they have been foremost in all lines of League activities.

On Sunday evening they will have the whole service in which to present a Pageant of Progress the official program.

The pageant will be given under the direction of Miss Virginia Mae Hurd. There will be forty-six people in the pageant, several in costume.

The idea of the program is to place before the people in a vivid manner the work of the League and the "Great Drive" to be made in the next two years.

Without publishing the full program the following will give an idea of the order of the service.

The first part of the program will consist in a song service with an address by the president of the League.

The chief characters in the pageant will be as follows: Methodist Episcopal Church—J. H. Richardson.

Spirit of Youth—Miss Lillian Muse. Epworth League—Miss Flossie Jones.

President of Epworth League—Franklyn Slye.

Fourth Vice President—Miss Helen Nauman.

Secretary—Miss Phoebe Huron.

Treasurer—Miss Maud Knight.

Epworth Herald—Howell Richardson.

The service will begin promptly at 7:30 o'clock the usual devotional service being omitted. This service also marks

the close of the contest between the male and female portions of the League.

So far the men are over forty points behind. As each man

counts for one and a half they will make a mighty effort to win out.

The public is most cordially invited to attend this service. Come and see what a real live young peoples' society is doing.

POLICE COURT

Police Court session lasted the major part of the afternoon yesterday, two cases being tried, Joshua Pumphrey being tried for operating a motor vehicle without license and Dr. W. C. Crowell for failure to tap a city sewer on Union street.

The first named was tried first. It was shown that on Wednesday night the negro boy had driven a car belonging to Mr. Ed Newell down Second street that he had no license to do so. Mr. J. M. Collins, attorney for the defendant, argued that the law was intended for those employed to drive a car but since the boy had gone merely for a joyride he had not violated the statute. The court fined Pumphrey \$10 and allowed him to go on his own recognition in order that he might consult the pardoning board.

Dr. W. C. Crowell, who was tried for failure to tap a city sewer, it was proven that the city did not own a sewer on the street abutting the property of Mr. Crowell and therefore he could not provide for removal of waste water. The case was dismissed.

THE NEWSPAPER AND WAR

The newspapers of America are exceedingly alert, and it is a big problem what to do with their efficient news services in case of war. As a part of their contract with the reading public, they will of course print all the news they can get hold of, except insofar as they are asked to submit to a legal or voluntary censorship.

Unquestionably the Mexicans in the recent border clashes got much valuable information of troop movements from our newspapers. The Germans would be even more alert, and any newspaper statement would in some way or another immediately find its way to our foes.

At the same time, the newspapers for public good must be given a certain amount of leeway. The English have found that to stir public interest in the war, they must allow the papers to print something more than official bulletins. When the English newspapers were allowed to tell more of what was going on at the front, the result was greatly to stimulate recruiting and get a much better popular support for the war. It would be the same here.

Many of our newspapers published the other day a story how a wealthy German-American living in Washington was under surveillance for his pro-German activities, and alleged possession of military maps and plans. In cases like that, the secret service should not have its hand forced, but it should be permitted to conduct its investigations quietly.

The newspapers will be willing to submit to a reasonable censorship, and will ask only that it be applied equally to all press dispatches. The journalistic world is intensely loyal in its Americanism, and it asks only that censorships be applied with some common sense and knowledge of human nature.

How happy the average woman might be if her wrinkles would only appear on her back instead of on her face.

Don't howl if you get it in the neck occasionally; you should be thankful you are not a giraffe.

WEAK AND TIRED WOMAN

Tells How Vinol Made Her Strong.

Maysville women who are weak, run-down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says:

"I am a farmer's wife and was all run-down, weak, tired, and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my housework. I had taken many medicines without benefit. One day I saw Vinol advertised, and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight, am much stronger, and feel many years younger than before." Sarah Odell, Lockport, N. Y.

The reason Vinol builds up weak, run-down women so quickly is because it contains a delicious combination of most successful tonics, beef and cod liver peptones, iron and manganese peptones and glycerophosphates, in a mild tonic wine.

We want to say to every weak, run-down, overworked woman in Maysville that we will return your money if Vinol fails to help you as it did Mrs. Odell. J. C. Pecor Drug Co., Maysville, Ky. Also at leading drug store in all Kentucky towns.

**INCREASED RATES FOR SHORT
OPERATING ADVANCE, CHARGE**

Washington, May 9—The railroads of the West represented to the Interstate Commerce Commission today that the requested fifteen per cent increase in freight rates would fall by at least \$20,000,000 to meet advance operating costs already effective and anticipated.

Forty-six Western roads or systems, operating 110,000 miles of lines, furnished the information upon which this figure was computed by L. E. Wetting, a statistician, a witness to testify in their behalf.

Representatives of the Western roads began presentation of their case today after executives of lines in the Southeast had told the commission that an increased rate of at least fifteen percent was necessary for them to properly conduct their businesses.

**MOTHERHOOD
WOMAN'S JOY**

Suggestions to Childless
Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health im-

proved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIA B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

BLANCHE SWEET in "Those Without Sin"

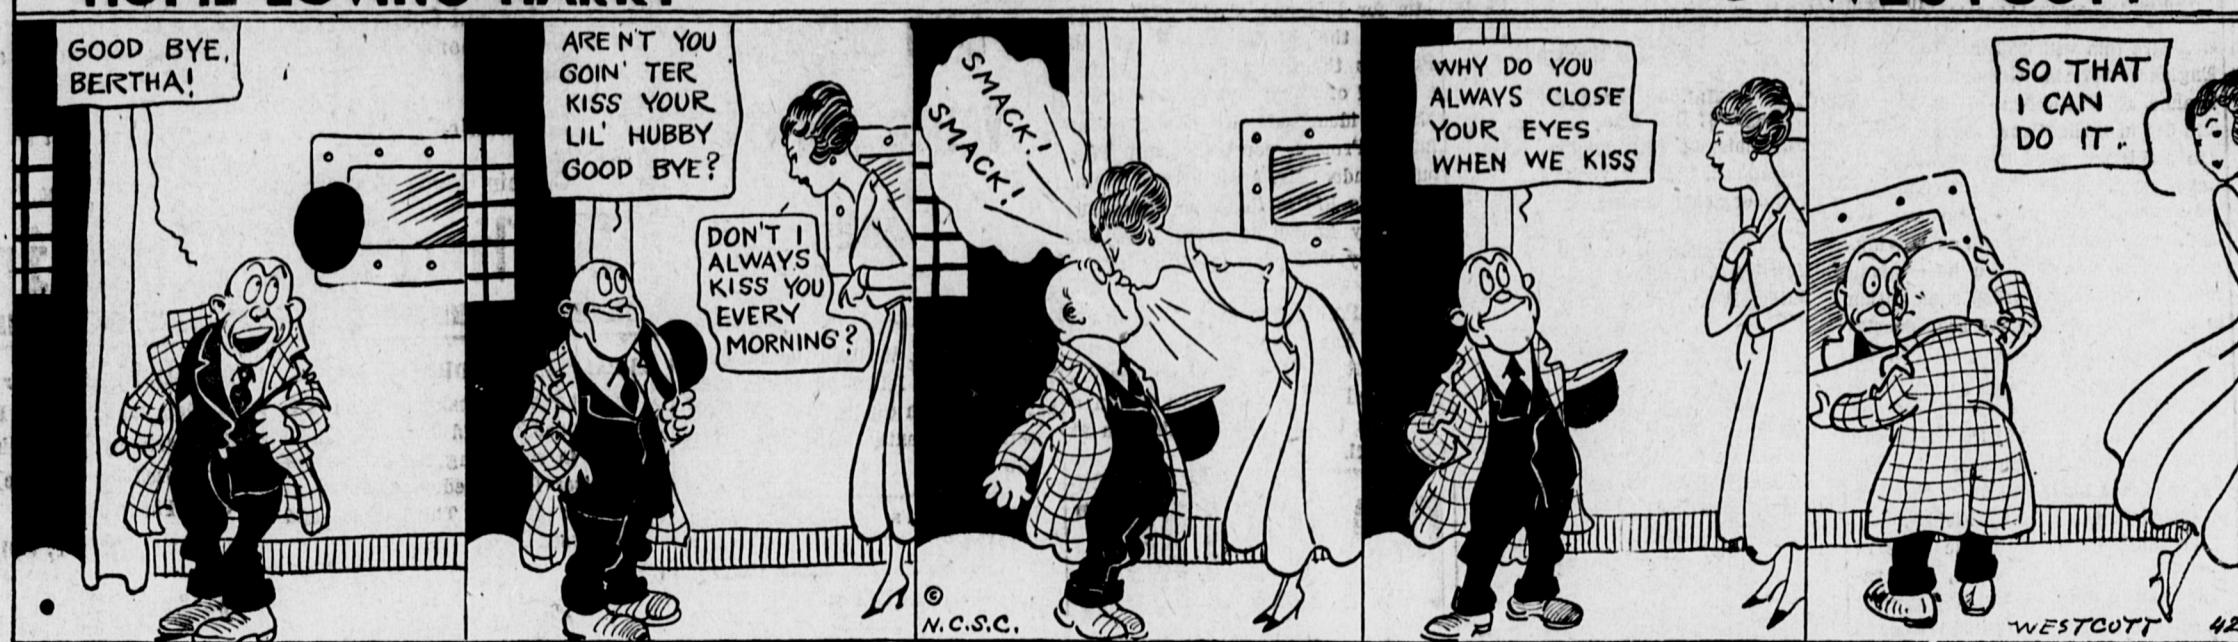

SYNOPSIS—Melanie Landry, daughter of a government clerk, lives with her father in the South at the time the rebellion breaks out. Bob Wallace just out of West Point, is in love with Melanie. At a dance Melanie meets Henry Melon who has been placed at the head of the Federal office in which Melanie's father is a clerk. Melon manipulates Mr. Landry's accounts in a way that will compromise him and when Melanie visits him at his house, offers to make good this supposed shortage under certain conditions. Melanie leaves the house while Melon tries to restrain her. She is seen by several gossiping women and Chester Wallace, Bob's crippled brother. Chester demands to know why Melon attempted to detain the girl and when denied this information, slaps the Federal officer. Melanie tells her father of the insult and as Melon is preparing to leave town in answer to a summons from Washington, he is caught, tarred and feathered and ridden out of town on a rail. That night Sumpter is fired upon and the young men of the city go to their respective companies, Bob with them. The Union army is rapidly approaching Richmond and the citizens are preparing to leave. A Confederate officer gives Melanie some despatches to take, through the line, and some dummy despatches to Chester. At a roadside tavern they are captured by Federal soldiers in command of Melon. Melon, remembering the blow, orders Chester shot as a spy, but he escapes. The Union officers agree to let everyone go if Melanie will stay there with him. Melanie, to save her neighbors, consents to do this, but when Melon attempts to reprimand her, blinds his eyes with pepper. Chester, in the meantime, has reached safety and Bob has been warned of the presence of the American troops.

AT THE WASHINGTON

HOME-LOVING-HARRY

HIS FACE IS NO BEAUTY

by WESTCOTT

FARMERS

The President of the United States Appeals to the Men, Women, and Children on the Farms.

My Fellow Countrymen:

The entrance of our own beloved country into the grim and terrible war for democracy and human rights which has shaken the world creates so many problems of national life and action which call for immediate consideration and settlement that I hope you will permit me to address to you a few words of earnest counsel and appeal with regard to them.

We are rapidly putting our navy upon an effective war footing and are about to create and equip a great army, but these are the simplest parts of the great task to which we have addressed ourselves. There is not a single selfish element, so far as I can see, in the cause we are fighting for. We are fighting for what we believe and wish to be the rights of mankind and for the future peace and security of the world. To do this great thing worthily and successfully we must devote ourselves to the service without regard to profit or material advantage and with an energy and intelligence that will rise to the level of the enterprise itself. We must realize to the full how great the task is and how many things, how many kinds and elements of capacity and service and self-sacrifice, it involves.

These, then, are the things we must do, and do well, besides fighting—the things without which we are fighting would be fruitless:

Abundant Food Supply Essential

We must supply abundant food for ourselves and for our armies and our seamen not only, but also for a large part of the nations with whom we have now made common cause, in whose support and by whose sides we shall be fighting.

We must supply ships by the hundreds out of our shipyards to carry to the other side of the sea, submarines or no submarines, what will every day be needed there, and abundant materials out of our fields and our mines and our factories with which not only to clothe and equip our own forces on land and sea but also to clothe and support our people for whom the gallant fellows under arms no longer work, to help clothe and equip the armies with which we are cooperating in Europe, and to keep the looms and manufacturers there in raw material; coal to keep the fires going in ships at sea in the furnaces of hundreds of factories across the sea; steel out of which to make arms and ammunition both here and there; rails for worn-out railways back of the fighting fronts; locomotives and rolling stock to take the place of those every day going to pieces; mules, horses, cattle for labor and for military service; everything with which the people of England and France and Italy and Russia have usually supplied themselves but can not now afford the men, the materials, or the machinery to make.

A Message to Farmers

I take the liberty, therefore, of addressing this word to the farmers of the country and to all who work on the farms: The supreme need of our nation and of the nations with which we are cooperating is an abundance of supplies, and especially of foodstuffs. The importance of an adequate food supply, especially for the present year, is superlative. Without abundant food, alike for the armies

Keep the little ones healthy and happy. Their tender, sensitive bodies require a gentle, healing, harmless remedy in the Spring. Hollister's Rocky Mountain Tea is a safe tonic remedy, thorough but not injurious. 35c. J. J. Wood & Son.

Government to Assist Agriculture
The Government of the United States stand ready to cooperate. They will do everything possible to assist farmers in securing an adequate supply of seed, an adequate force of laborers when they are most needed, at harvest time, and the means of expediting shipments of fertilizers and farm machinery, as well as of the crops themselves when harvested. The course of trade shall be as unhampered as it is possible to make it and there shall be no unwarranted manipulation of the nation's food supply by those who handle it on its way to the consumer. This is our opportunity to demonstrate the efficiency of a great Democracy, and we shall not fail short of it!

This let me say to the middlemen of every sort, whether they are handling our foodstuffs or our raw materials of manufacture or the products of our mills and factories: The eyes of the country will be especially upon you. This is your opportunity for signal service, efficient and disinterested. The country expects you, as it expects all others, to forego unusual profits, to organize and expedite shipments of supplies of every kind, but especially of food, with an eye to the service you are rendering and in the spirit of those who enlist in the ranks, for their people, not for themselves. I shall confidently expect you to deserve and win the confidence of the people of every sort and station.

For Every Household

Let me suggest, also, that everyone who creates or cultivates a garden helps, and helps greatly to solve the problem of the feeding of the nations; and that every housewife who practices strict economy puts herself in the ranks of those who serve the nation. This is the time for America to correct her unpardonable fault of wastefulness and extravagance. Let every man and every woman assume the duty of careful, provident use and expenditure as a public duty, as a dictate of patriotism which no one can now expect ever to be excused or forgotten for ignorance.

To Publishers and Advertisers

In the hope that this statement of the needs of the nation and of the world in this hour of supreme crisis may stimulate those to whom it comes and remind all who need remind-

However, in order to secure a Ford it is necessary to file your order and wait your turn, and orders filled now should be delivered within a few weeks. SCHOOL NEWS

School Savings Banks.
Yesterday afternoon, Bankers N. S. Calhoun, J. N. Kehoe, W. V. Ball, Jr., and R. M. Gaither representing the Maysville Banks and W. J. Caplinger representing the schools, met with Carlton A. Grier of the U. S. Bank Note Co. in the rooms of the State Trust Co. to consider a plan for installing Pupils' Saving Banks. Mr. Caplinger had discussed the matter previously with some of the bankers but other plans considered involved certain objectionable features which seem to be eliminated in the "System Bank Way" as presented by Mr. Grier.

The plan in brief is that the teacher along with her instruction in the cardinal virtues of honesty, patriotism, courtesy, etc., there is to be included a little more of the Thrift idea as taught so impressively and effectively in Colonial days by Benjamin Franklin. When a pupil has such control of his will power that he can deny the present pleasure for the future gain he can take his dime go to any one of our banks and get the "System Bank" outfit. His teacher makes a record of this on a card the boy brings her. The boy gets a button from the banker to identify him as a member of the thrift club. As soon as he saves a dollar he takes this to the banker that gave him his "Systematic Saving" envelope, and then gets his pass book thus becoming one of the regular depositors of that bank.

We want to get the system in good working order before vacation as one of the advantages is that the pupils may continue their school savings regularly, through vacation—their most productive time of the year.

Our Bankers said that if the system would assist the teachers in teaching habits of thrift and economy, they would foot the bill. A banker of narrow vision would not be in favor of this, but when a thoughtful man of large caliber sees the great possibilities of character formation through the teaching of thrift he is usually magnanimous enough to invest his money in the boy. What is thrift but the exercise of the will, the development of moral stamina, the steadfast refusal to yield to temptation.

Statistics show that in the United States there are only 108 who save money out of every 1000 population.

ADMISSION ALWAYS

ADULTS.....10 CENTS, CHILDREN.....5 CENTS.

Compare this with 288 in Italy, 302 in England, 317 in Germany, 346 in France, 386 in Sweden, 397 in Belgium and 544 in Switzerland. These figures are for times prior to the war. We have yet to learn the difference between prosperity and progress. We have spent bountifully and our savings have been meager. We hear about this being the most prosperous nation in the world but we have been deceiving ourselves. Let the wheels of industry of this nation stop for thirty days, and the vast majority of our citizens would be paupers. Did you know that one person out of every ten, who dies today in our large cities is buried in the Potter's Field?

We must get back to the days of Franklin. Want and waste, extravagance, debauchery, riotous living, must cease—the nation needs to be remade—not only by talking thrift but by teaching it as well. The pulpit, press and school should work together in inculcating such ideals.

Tonight at 7:30 the grade pupils of the Center Building will have a little entertainment in connection with Patron's Day. The different grade teachers of that building have some of the work of the pupils on exhibition in their respective rooms. This work will be left on for several days and we urgently request that all of the patrons inspect this work, as it represents a great deal of effort on the part of the pupils and teachers and they will appreciate your inspection.

The program in the auditorium will begin at 7:30 and will last about an hour and a half. From 9:00 on until 10:30 the rooms will be lighted, and teachers and pupils will be anxious to show you their work.

The P. T. A. of this building will have charge of the "free will offering" that may be given at the door by the patrons, who have already started the fund for play ground apparatus. Everybody is admitted free, but all who care to give will find two of the ladies ready to accept. The program is to consist of songs, debate, recitations and little plays.

Come out and hear the kiddies.

ATTORNEYS LEAVE

Attorneys LeWright Browning and J. M. Calhoun left yesterday afternoon, via C. & O. for Cincinnati, en route to Fort Benjamin Harrison, Ind., near Indianapolis, where they will enter officers training camp. These prominent young men made application to enter officers training several weeks ago. Yesterday morning they received their orders to report at the camp. They will return about the latter part of August.

CUTWORMS VERY BAD

Reports from over the country are to the effect that cutworms are playing havoc with garden truck. One man reports that they have even started on his onion bed, something that he had never seen before. After the cutworms and the English sparrows and jack frost get through with their work nothing will be raised to eat this fall.

Mr. Sam Hall of Forest avenue is a business visitor in Cincinnati.

Following the party Mrs. South was taken to Flemingsburg by automobile, where she spoke last evening in behalf of woman's suffrage. FARM SOLD

The A. P. Gooding farm near Maysville was sold yesterday to Mr. Sam Rogers of Robertson county. The farm which consists of 230 acres brought the fancy price of \$176 per acre, a total of \$42,000. This is one of the largest land deals in Mason county for some time.

PROPERTY SOLD

Messrs. I. M. Lane & Co. yesterday sold for Mr. John Burns a house and two lots on East Third street between Walnut and Union streets to Mr. and Mrs. Frank Spencer of West Second street.

R. B. ADAIR

The announcement of Mr. R. B. Adair appears in today's issue of the Ledger, as a candidate for City Clerk, at the coming November election. It is useless for us to dwell upon Mr. Adair's qualifications for this very important position—the fact that he has been for eleven years—connected with the well known law firms of Sallee & Slattery and Slattery & Rees—the character of the work he is called upon to do and his close application to his duties, especially fits him for this end of the city's work. During the administration of Mr. Rees as the City Attorney, covering a period of four years, Mr. Adair was closely identified with the city's affairs. Prompt, courteous and thorough renders Mr. Adair fit, and having spent his life in this community and favorably known to every voter, his candidacy will prove a strong one.

R. F. Pollitt, son of Dr. Pollitt, of Minerva, has made application for appointment in the officers' reserve corps and expects to leave within a few days to take the examination at Cincinnati.
